

Week in review: clean energy trade tensions spread

[...]

The WilderHill New Energy Global Innovation Index, or NEX, maintained its midsummer rally to close the week 2.6 per cent up, led by solar stocks. The global index of 98 clean energy and energy smart technology companies is up almost 7 per cent since June and 32.6 per cent year to date. In the same period of 2012, it was 14 per cent down.
